To Whom It May Concern,

In regards to the Biancaniello family and RedBoss Pyrotechnicians Inc. For the last 20 years, Our Lady of Grace Society has found that the Biancaniello's have always provided our festival with the most impressive of fireworks displays. Their honesty and professionalism are unapproachable within their industry. We highly recommend RedBoss Pyrotechnicians to anyone, knowing confidently that you will receive the most exciting show for your dollar value. We say this from experience many years ago, we did try another local company and unfortunately they did not come close in quality or quantity of fireworks. The committee was sadly disappointed and voted, unanimously, to retain the Biancaniello family from then on.

Respectfully Yours,

Pat Sirignano
